Benefits

Each and every Patron subscription helps support us in telling inventive and innovative stories through ballet. Become a Northern Ballet Patron and from £21 per month, or £250 per year:

- Watch our dancers take their daily class at select theatres during our nationwide tour.
- Attend a day of rehearsals held at our world-class studios in Leeds.
- Receive a complimentary ticket to an annual theatre event with the opportunity to celebrate with our dancers.
This event is held in Leeds and the region, but Patrons are welcome to take up their complimentary theatre ticket at a different tour location of their choice (subject to availability).
- Access an exclusive online members page detailing priority booking periods, ticket discounts and Company Class dates.
- See behind the scenes with a building tour of Northern Ballet's Quarry Hill home in Leeds.
(please contact Katy Lee for more details)
- Receive regular newsletters and the biannual Inside magazine by email and be the first to hear what's happening both on and off stage.

Guest tickets are available for Company Class, rehearsals and the annual theatre event (an additional cost may apply). Please note we are unable to carry over any unused ticket allocations from one year to the next.

As a working ballet Company, any events offered may be subject to change or cancellation at short notice, should we be required to make any previously unforeseen changes to the Company schedule.

Please note that any unused benefits cannot be carried forward.
